ENSF 692 - Assignment 5 Grading Rubric

Assignment 5 Grading Rubric (7 marks, 9% of overall grade)

The execution of your code must match your screenshots to receive marks.

Checklist:
• (1) Your name in the web_data_app.py file header
• (2) Screenshot of your name displayed through the "/hello/<name>" route
• (2) Screenshot of the modified book data table displaying the reduced price column (original reduced by 25%, displayed in the browser, not the terminal)
• (2) Screenshot of what you learned in ENSF 692 displayed through a new "/learn" route
